TO WHOM IT MAY CONCERN

It is my pleasure to strongly recommend Dr. José A. Medina Talavera to become a participant in the HETS Learning Technologies Leadership Academy (H-LTLA). Dr. Medina has been an active Faculty member of this Broward International University (BIU) since 2015. During that time, Dr. Medina has shown high ethical and moral values. Academically, his practical expertise and deep knowledge of the subjects taught is commendable. Moreover, Dr. Medina has shown a strong passion by continuously pursuing research about a variety of topics related to Virtual Education that have proved to be of high value for the development of instructional material as well as the improvement of the delivery of online courses. Particularly, his participation included the planning and designing of instructional material for the courses assigned to him as a part of his teaching responsibilities. In addition, Dr. Medina served as a key participant and collaborator in the implementation of improvements made to the University's Learning Management System. With no hesitation, I am sure that he will play a significant leadership role in any Institution that retains his services.

Furthermore, I am convinced that his learning experience at the HETS Learning Technologies Leadership Academy will also prove beneficial to our Institution. Particularly, Dr. Medina could take a leadership role in planning, developing, and implementing pedagogical methodologies conducive to improving the efficiency and effectiveness of case-based, project-based, and problem-based learning models currently under developing in our institution. Dr. Medina could also contribute to the successful achievement of an institutional accreditation, project that will be pursued by BIU in the near future.

Witness the seal of the University and the signature of its duly authorized President thereunto affixed.

Given at Davie, Broward County, Florida, U.S.A., this Tenth day of June, in the year Two Thousand and Twenty-one.

Dr. Conrado A. Rocha C.
President, Provost
Broward International University
