RE: Margaret R. Díaz Muñoz H-LTLA Nominee

I hear by intend to present my statement of recommendation for Margaret R. Díaz Muñoz as a qualified nominee for the HETS Learning Technologies Leadership Academy (H-LTLA). I have known her for several years in the professional and academic field. She possesses a high creative talent, innovation, and work capacity, with an exceptional execution based on compromise and excellence. She is not only a great practitioner, but also, she has done quite an important contribution to the academic education of a new generation of interior designers. These desirable skills and personal values combined with some of the winning qualities she possesses such as diligence, leadership, creativity, trustworthiness, capacity of teamwork and organization, among others; represent the ideal nominee for this academy.

Regards,

Alice J. Casanova Ocasio, Ph.D.
Institutional Academic Dean of Distance Education
EDP University of PR
